Chesapeake Building Energy Report – Issued 11/23/09

## Electricity Use Last Week (11/16 – 11/22):

19,105 kWh  
\$2,274  
30,377 lbs. CO<sub>2</sub>

Total Use for  
Last Week

491 kWh  
\$58  
781 lbs. CO<sub>2</sub>

Difference from  
Previous Week

Decreased  
2.5%

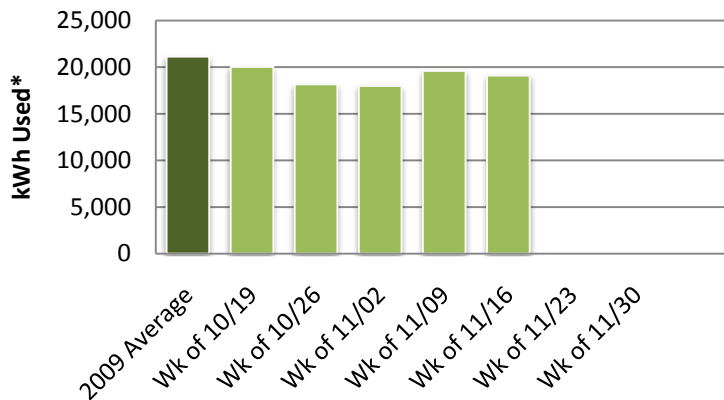

Change  
from Previous  
Week

Performance  
Last Week

Way to go, Chesapeake! Your electricity use decreased 491 kWh last week, a 2.5 % decrease from the previous week. **This week presents a great opportunity to reduce our use even further by UNPLUGGING for the holiday!**

## Overview:

## Progress since 10/19

Net Savings:  
10,803 kWh  
\$1,286  
17,177 lbs. CO<sub>2</sub>  
10.2% = 😊

\* Electricity data are adjusted based on average weekly outdoor temperature to better reflect occupants' energy usage.

## Feedback:

Progress to date is 10 percent lower than the expected baseline. Keep up the good work! This week, make sure to **UNPLUG FOR THE HOLIDAY** and reduce your energy use even further!

## Your Next Assignment: Unplug for the Holiday

Before you leave for the Thanksgiving holiday break, be sure to:

- Flip the switch – in your workspace, conference rooms, kitchens – *everywhere!*
- Turn off your computer and unplug it and any other electronic devices (speakers, printers, copiers, chargers, etc.)
- Unplug **YOURSELF** – Take time to relax with friends and family this weekend. Happy Thanksgiving!
